

CUSTOM CUT INTERIOR KIT

NEW

'67-'72 Chevy/GMC Reg Cab Custom Cut Interior Insulation Kit

Design Engineering is leading the way with the most advanced thermal acoustic kits for vehicle specific applications. Using a combination of our proven Under Carpet Lite and 2mm damping material, we offer an effective and affordable solution to unwanted heat and noise, in easy to install... pre-cut... vehicle specific kits.

Each kit includes the correct material to cover specific interior areas including floors, firewalls, headliners, trunks and more. Designed using the right amount of material to control vibrations and eliminate undesirable noises such as tire, road and engine noise, all while blocking heat transferred from the engine bay and hot exhausts.

Features:

Superior thermal insulating properties
High tech composite material
CNC cut pieces for precise fit

Advantages:

Light weight for high performance applications
Absorbs annoying road, tire & exhaust noise
Economical insulating solution

Benefits:

Comfortable interior at any temperature
Quick & easy installation
Enhanced stereo performance & sound

Damping Material

- Eliminate unwanted engine & road noise
- Dampen vibrations
- Peel & stick

Under Carpet Lite™

- For floors
- Light weight
- Superior heat & noise barrier

Insulation kits are CNC cut for precise fit & easy installtion

INDIVIDUAL PRE-CUT KITS

Part #	Description
50025	INSULATION KIT
50024	DAMPING KIT

Damping Kit reduces noise & vibration throughout the vehicle

For the quietest, most comfortable interiors, first put down the damping kit, then use the insulation kit to create the perfect environment inside your cab.
