

## CUSTOM CUT INTERIOR KIT

NEW

# '88-'98 Chevy/GMC Ext Cab Custom Cut Interior Insulation Kit

Design Engineering is leading the way with the most advanced thermal acoustic kits for vehicle specific applications. Using a combination of our proven Under Carpet Lite and 2mm damping material, we offer an effective and affordable solution to unwanted heat and noise, in easy to install... pre-cut... vehicle specific kits.

Each kit includes the correct material to cover specific interior areas including floors, firewalls, headliners, trunks and more. Designed using the right amount of material to control vibrations and eliminate undesirable noises such as tire, road and engine noise, all while blocking heat transferred from the engine bay and hot exhausts.

### Features:

Superior thermal insulating properties  
High tech composite material  
CNC cut pieces for precise fit

### Advantages:

Light weight for high performance applications  
Absorbs annoying road, tire & exhaust noise  
Economical insulating solution

### Benefits:

Comfortable interior at any temperature  
Quick & easy installation  
Enhanced stereo performance & sound

**Insulation kits are CNC cut for precise fit & easy installtion**

### Damping Material

- Eliminate unwanted engine & road noise
- Dampen vibrations
- Peel & stick

### Under Carpet Lite™

- For floors
- Light weight
- Superior heat & noise barrier

### INDIVIDUAL PRE-CUT KITS

Part #	Description
50023	INSULATION KIT
50022	DAMPING KIT
50299	ROOF INSULATION KIT
50300	ROOF DAMPING KIT

**Damping Kit reduces noise & vibration throughout the vehicle**

**For the quietest, most comfortable interiors, first put down the damping kit, then use the insulation kit to create the perfect environment inside your cab.**
